PRESENT

BUENOS AIRES 10th November 2023

*Environmental Commission (EnviCom)
Permanent Task Group on Climate Change (PTGCC)*

SYMPOSIUM

PIANC'S ROLE TOWARDS ACHIEVING SUSTAINABLE AND RESILIENT WATERBOURNE TRANSPORT INFRASTRUCTURE

Keynote presentation by PIANC Chairperson Francisco Esteban Lefler

MAIN THEMES

-  PTGCC Planning and delivering adaptation for Climate change resilient Ports
-  PTGCC The Challenges of Achieving cross-modal climate-resilient transport systems
-  EnviCom Towards a more sustainable and resilient waterbourne transport infrastructure
-  EnviCom Technological innovations for achieving sustainability

EXPERTS

-  Burton Suedel (USA)
-  Jan Brooke (UK)
-  Emma Albrieu (Argentina)
-  Together with more professionals

SCHEDULE

Symposium:
**PIANC's Role Towards Achieving Sustainable and
Resilient Waterborne Transport Infrastructure**
Buenos Aires, 10th of November 2023, Centro Argentino de Ingenieros (CAI)

PROGRAMME SCHEDULE				
8:30-9:00	Accreditation			
9:00-9:15	Local Host Welcome			
Time	Slot	Speaker	Organization	Topic/Title
Session 1 of 4: PTGCC Planning and delivering adaptation for Climare change resilient Ports				
9:15-9:45	1.1	Ron Cox	UNSW (Australia)	PIANC TG3 report update
9:45-10:15	1.2	Jan Brooke	PIANC-PTGCC Chair	PIANC TN2 Making the case to adapt
10:15-10:45	1.3	Santiago Guizzardi	INA (Argentina)	Short term depths previsions for the Paraná-Paraguay Waterway
10:45-11:15	Coffe Break			
Session 2 of 4: PTGCC The Challenges of Achieving cross-modal climate-resilient transport systems				
11:15-11:40	2.1	Francisco Cabrera	UIC Railways	Climate change resilience for railways: progress and next steps
11:40-12:05	2.2	Emma Albrieu	PIARC	Adapting and strengthening road infrastructure resilience
12:05-12:30	2.3	Leonel Temer	PIANC Argentina	Extreme Water Levels in the Paraguay-Parana Inland Waterway (HPP) Argentina
12:30-13:00	Special Panel on Intermodal Transport Resilience			
13:00-14:30	Lunch Break			
Session 3 of 4: EnviCom Technological innovations for achievig sustainability				
14:30-15:00	3.1	Rene Kolman	IADC (Netherlands)	Integrating dredging in sustainable development
15:00-15:30	3.2	Soledad Gerónimo	PCR	Global H2 supply chain model, Southern South American Potential
15:30-16:00	Coffe Break			
Session 4 of 4: EnviCom Towards a more sustainable and resilient waterbourne transport infrastructure				
16:00-16:30	4.1	Burton Suedel	USACE (USA)	Working with Nature and Sustainability
16:30-17:00	4.2	Victor Magar	Ramboll (USA)	Working Group 176 Working with Nature
17:00-17:30	Final Discussion			
17:30-18:00	Francisco Esteban Lefler Participation & Closing Words			

Note: Times GMT-3
